

 caesarstone® | **PORCELAIN**

Your home. A new point of view

Caesarstone Porcelain offers a new point of view. It marks a leap in technology, functionality, and design, delivering a high degree of durability and strength for added safety and peace of mind that boost dynamic living and creativity, indoors and outdoors.

Each high-performance slab embodies innovative properties that

elevate porcelain for the ultimate experience. Infinite possibilities open up for making the perfect personal statement with a captivating interplay of versatile colours, tactile textures, and dynamic movements.

Appearance and practicality combine to give you the freedom to choose and the flexibility to create your dream space.

Caesarstone Porcelain introduces three innovative properties that set the bar for Porcelain benchtops:

**Fortified
Frame.**

**High-Heat
Structure.**

**Forward
Design.**

Fortified Frame.

The Fortified Frame provides an extremely hard surface, incredibly resistant to scratches, pressure, and rupture; enabling it to stand up to the most demanding high-volume use.

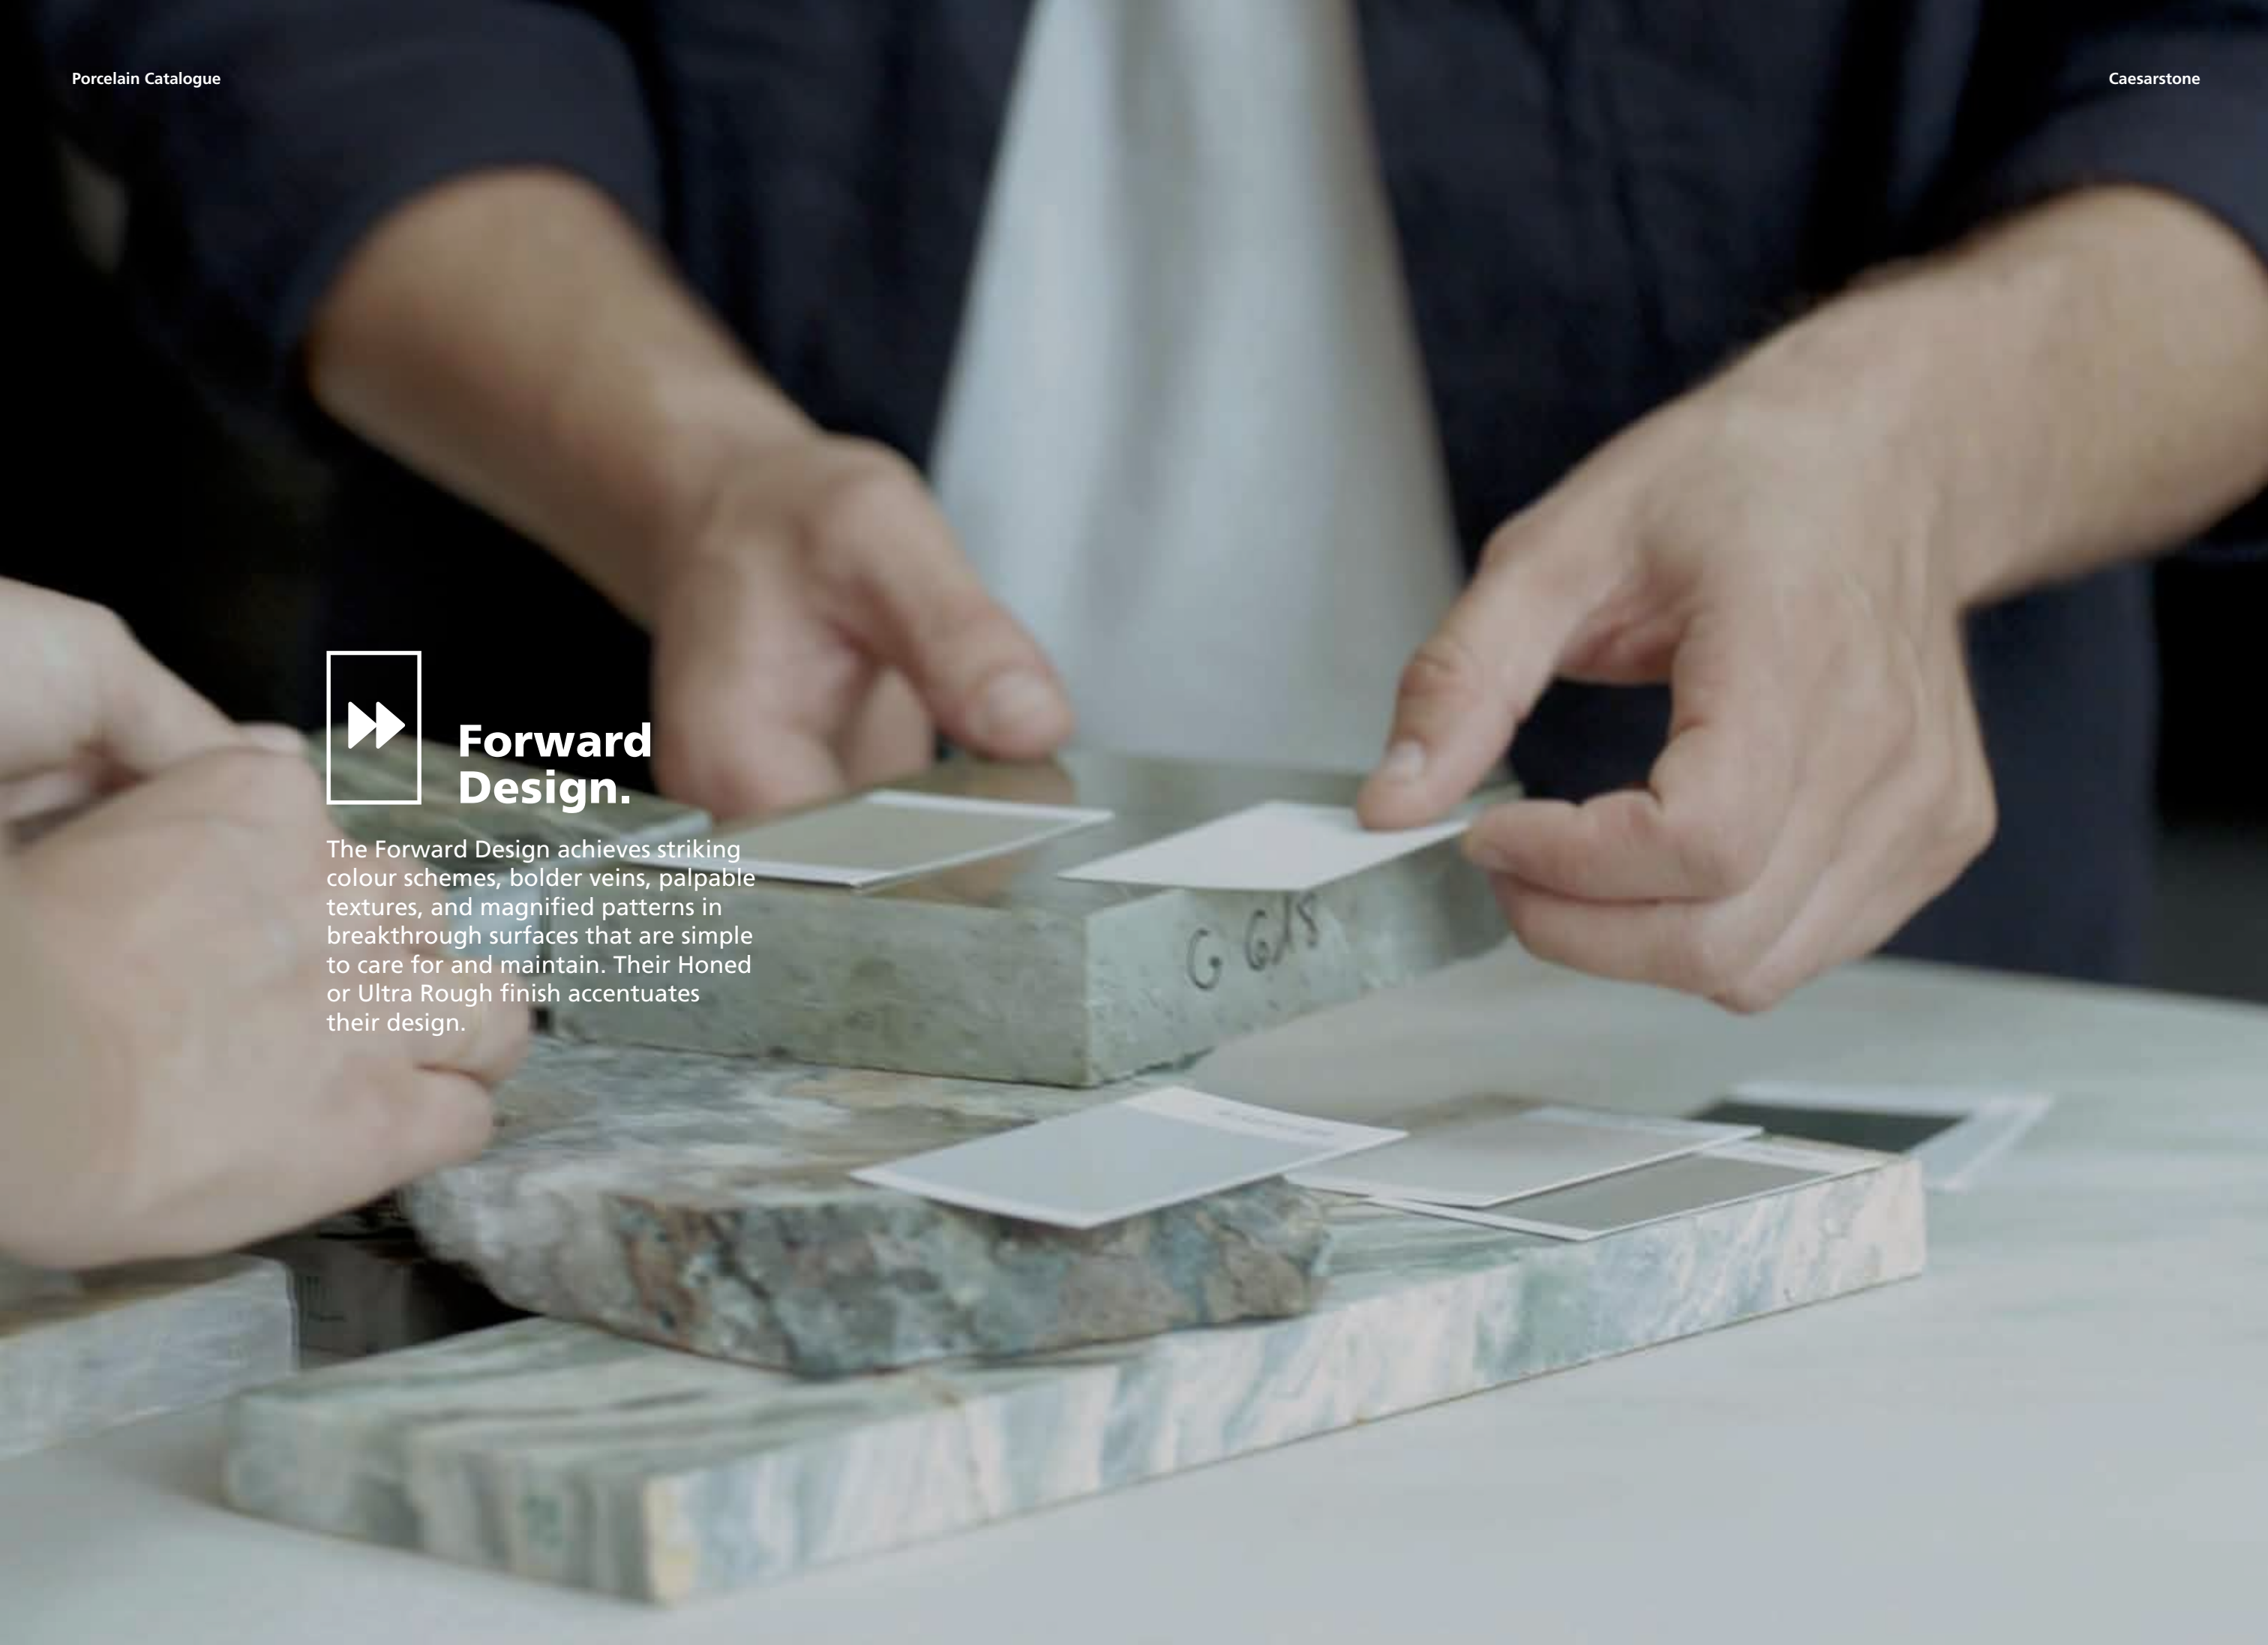

High-Heat Structure.

The High-Heat Structure forms a resilient surface that is extremely resistant to high temperatures, enabling direct contact with heated objects. The blend of natural ingredients secures UV resistance, for indoor and outdoor use.

Forward Design.

The Forward Design achieves striking colour schemes, bolder veins, palpable textures, and magnified patterns in breakthrough surfaces that are simple to care for and maintain. Their Honed or Ultra Rough finish accentuates their design.

From natural marble to industrial metals and concrete, each surface captures a deeply nuanced palette of textures and tones.

501 Snowdrift™

501 Snowdrift™

A pure white backdrop that boasts the prestigious look of marble, traversed by delicate veining in golden-brown that floats over its misty base with its translucent quality veiled by a shadowy effect, in a Honed finish.

Explore
in
3D

504 Lumena™

A pearl-white backdrop crisscrossed with crackling dark grey veins that rush over the illuminated shell-like surface with its blushed undertones, imprinting a dynamic dimension heightened by the Honed finish in a unique design that is truly innovative.

3D

505 Archetta™

A soft ivory-white base subdued by a striking flow of grey veins that dissolve into the stone, accentuated by muted green and yellow crystalline layers for an authentic mineral effect, capturing the clouded translucency of marble, in a Honed finish.

in
3D

533 Silverdrop™

A lush pearl grey base, softly patterned and built of multiple layers with gentle bluish undertones, delicately touched by the dynamic depth of its feathery seafoam veining and subtle dark grey shadows that are tinged with earthy traces and sage accents, in a Honed finish.

Spaces of inspiration, designed to create perfect moments of timeless beauty.

A richness of shades, tones, detail, and depth that open up endless creative possibilities in the heart of your home.

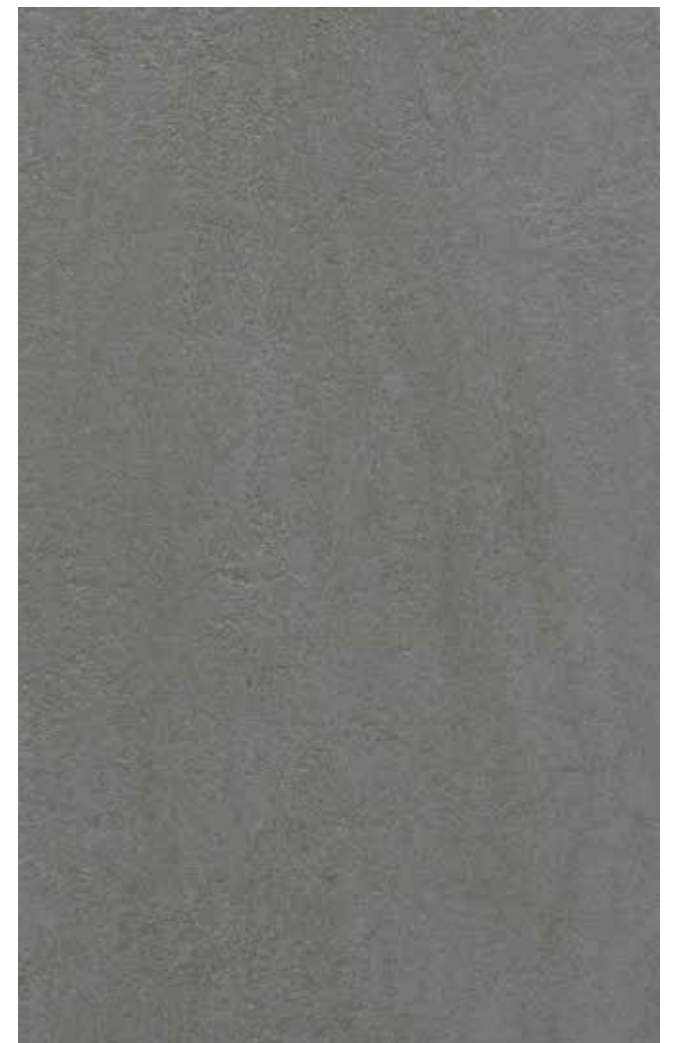

516 Locura™

Dark greys blend with warm brown accents, in an intricate array heightened by tiny flecks and oxidation effects that capture the aesthetic impurities of natural stone, while white organic veins mixed with finer chalky lines give direction and dramatic impact, in a Honed finish.

Shade and graining of actual product may vary from printed sample. We recommend ordering a sample or viewing a full slab at a Caesarstone showroom or a retail location.

Spark your imagination with more design passion

We are obsessed with expressing the world around us, and have followed in the footsteps of ancient alchemists to explore the mysteries of porcelain with its endless creative possibilities in the heart of the home. This led us to unleash the power and passion for design through surface innovation, which traces after the true essence of endless materials and diverse visual sensations.

"From natural stone to metal to concrete, we captured a deeply nuanced palette of textures and tones," says Mor Krisher, Caesarstone's Lead Designer. "There is warmth, rawness, and other

authentic qualities that we can fully express in our porcelain benchtops to let you see the world from a new point of view."

Caesarstone Porcelain sparks the imagination with designs that move the soul and stir the heart around surfaces that are extremely hard, highly resistant, and exceptionally beautiful. Colour, spirit, space, and style become more pronounced and the unique mood of any environment is accentuated, giving more room for pure personal expression.

As designers, we live in the future, enthralled by what we envision and spellbound by the beauty that we can bring.

We took porcelain higher by maximising its capacity for attaining an accurate richness of shades, tones, detail, and depth.

Our design innovation empowers you with more freedom to choose.

Caesarstone Porcelain heralds in a new age of surface design that brings the world from a new point of view, inspiring life in stone.

Surfaces for indoors and outdoors

High-performance surfaces
that create multifunctional
interior and exterior spaces

Caesarstone Porcelain is designed for increased strength, everlasting beauty, and extreme-heat resistance.

Our blend of natural raw materials makes it resilient to the elements and prolonged UV exposure, perfect for both indoor and outdoor spaces. More than ever before, people worldwide are looking for a closer connection with nature, embracing the world outside by discovering the joys of outdoor living.

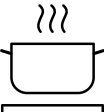

Designed and tested to withstand the sun's rays and the most extreme weather conditions, our porcelain surfaces create the ultimate multifunctional space for cooking, dining, and entertaining in the comfort of your own outdoor area.

Choose from our 17 unique outdoor lifestyle designs, proven to remain fresh and timelessly beautiful year after year.

Why Caesarstone Porcelain?

Caesarstone is the expert in surface science and design, the only global company specialising in benchtops

Superior product benefits

Extreme-Heat Resistant

Withstands very high temperatures, enabling direct contact with heated objects

Stain Resistant

Non-porous, nonabsorbent, impervious to stains and easy to maintain

Scratch Resistant

Impressive scratch-resistance, not susceptible to scrapes or scuffs

Non-porous

Incredibly impenetrable, dense, and resilient, for long-lasting quality without the need for waxing and sealing

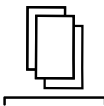

Hygienic

Non-porous, inhibits bacteria, mold, or mildew, remains safe and sanitary for ultimate cleanliness

Indoor & Outdoor

Resistant to UV exposure and suitable for any space

Superior Strength

Reinforced with a fiberglass-mesh backing, for a new degree of durability and strength

Reliable Fabrication & Installation

Easy fabrication, suited for special cutting and outstanding results

Easy to Clean

Simple care with just soap and water, no need for sealing, and essentially effortless to maintain

Environmentally Friendly

Durable and low-maintenance, supporting a healthier environment and better use of material resources

Lifetime Warranty

Peace of mind with Caesarstone's excellence guaranteed in our lifetime warranty

Large slab size

Caesarstone

Caesarstone Porcelain surfaces come in one large-scale size for a seamless kitchen experience

Size –
1600 mm * 3200 mm

Thickness –
12 mm

Weight –
150-160 kg

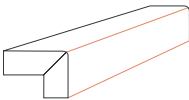

Weight / M2 –
27-31 kg

Classic edge profiles

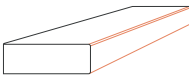

All Caesarstone slabs come with a standard engineered cut, ready for experienced fabricators to fabricate the surface to your specifications after cutting the perimeter.

Your surface's edge profile can be custom-designed by any fabricator in a variety of thicknesses that inspire your design.

Choosing the right edge profile for your specific design style and aesthetic adds the all-important finishing touches to your surface and optimises your design.

Long-Lasting finishes

Each porcelain surface has been crafted in one distinct finish, either Honed or Ultra Rough, to bring out the best in its design while ensuring it remains long-lasting without the need for sealants or wax.

Ultra Rough

Our most tactile finish, Ultra Rough, is a breakthrough innovation designed exclusively to bring a unique granular touch to porcelain, adding a dimension of authentic materiality.

Honed

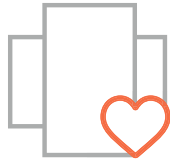

Our Honed finish is smooth to the touch and soft on the eye, offering a special organic luminosity. Its satin sheen reflects light, while retaining a special shine that penetrates the surface to highlight deeper dimensions.

Find your perfect benchtop

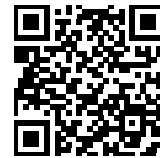

Your benchtop is the heart of your home, central to everyday life, from preparing meals to sharing memorable moments together with family and friends. So, whether you are renovating or building new, start by finding the perfect benchtop first. Caesarstone is here to guide you along your journey of creativity.

Get inspired

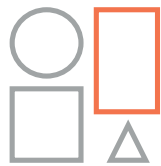

Picture the kitchen of your dreams and let your imagination run free. What is it like? Does it have an island? Is it scaled-down and minimalist or packed with appliances and detail? Light or dark? Any special considerations for lighting, airflow, or pathways?

Get creative with endless ideas from our inspiration gallery.
